To enhance riparian activities on Waahi Stream, Huntly.

Projects purpose is for riparian enhancement work activities on Waahi Stream, Huntly. This forms a portion of a wider project (the Waahi Pa: Lake and Awa project) that encompasses extensive restoration, enhancement and access improvement initiatives on Waahi Stream, Lake and Waikato River.

The wider Waahi Pa: Lake and Awa project includes; fencing and habitat restoration, removing invasive fish and plants, identifying and protecting historic tuna and whitebait areas, developing recreational spaces to enhance cultural recreation and water activities by Marae members and the community; and building a footpath to improve access to Waahi Lake.

This project received funding from the Waikato River Authority (WRA 12-031)
