

Waikato Regional Council
Thames-Coromandel General Constituency
Electing 1 Regional Councillor

Dal MINOGUE

My principal place of residence is in the Thames-Coromandel General Constituency area.

Over the past 3 years, I have worked hard to improve Council performance by helping to establish:

- An effective governance team focused on good financial management and better environmental outcomes.
- A new strategic direction creating constructive, collaborative relationships with community groups, stakeholders and territorial authorities.

As a result of these improvements, a recent assessment of the Waikato Regional Council under Local Government New Zealand's CouncilMARK programme took us from BBB to A, placing us in the top performance tier of New Zealand Councils. I have also helped with many local issues including improved funding for:

- Environmental groups.
- Emergency service groups.
- Harbour and catchment management plans.

It has been an absolute privilege to serve the Thames-Coromandel ward. I would appreciate and value your continued support for another term in order to build on the positive momentum established across all areas of Council performance.
