I totally reject Waikato Regional Councils Proposed Plan change for the Healthy River Plans for the Waikato and Ukiwa River Catchments.

Under the Waikato Regional Councils By-Laws you have the Powers to Inspect and Prosecute offenders whether they be Farmers or Commercial Operators and Town and City Councils for Polluting the Catchment Area.

Obviously this is not being done. The majority of Farming People are environmentally aware and are fully aware of the Penalties for Abusing the Environment.

The Waikato Regional Council is failing to do its Work and it is entirely unfair to Target a section of the Population to satisfy their demands.

There is a small Percentage of the Catchment area abusing this problem and Council should Target them, as they should.
