Section 7: Attachments

Attachments	5:
--------------------	----

Compliance with all the procedures in the dam safety assurance programme documentation (Section 4)
Summary of the minor items of non-compliance with the procedures of the dam safety assurance programme in the previous 12 months documentation (Section 6):
Evidence of recognised engineer documentation
Letter of authority from owner (for applicant/agent if applicable)

Guideline notes

- 1. Council have included some additional fields beyond the mandatory requirements of Form 3 of Schedule 3 of the Building (Dam Safety) Regulations 2022. These changes are to enable your council to manage your DSAP more effective
- 2. If insufficient space available in form, please complete information required in a separate attached document
- 3. Fees and Charges
 Please refer to your relevant regional authority, as these costs / deposits may vary between councils.
- 4. Regional Authority (For Marlborough District Council, refer to their website)

Auckland Council	Hawkes Bay Regional Council	Southland Regional Council
Bay of Plenty Regional Council	Horizons Regional Council	Taranaki Regional Council
Canterbury Reginal Council	Nelson City Council	Tasman District Council
Gisborne District Council	Northland Regional Council	Waikato Regional Council
Greater Wellington Regional Council	Otago Regional Council	West Coast Regional Council

5. For the purpose of the Building Act and regulations, the 'dam owner' is the person who legally owns the physical dam itself. Typically, the landowner will also be the dam owner, however this will not always be the case as there are a variety of different scenarios when it comes to dam ownership. If the owner of the dam is not the same person as the owner of the land the dam is located on, there will likely be a record of this. Generally, where multiple people own the dam, they will collectively be the 'dam owner'. In most cases, it should be apparent who the owner/s of a dam is.
