

### Te Otamanui Walkway

Te Kowhai Community Group

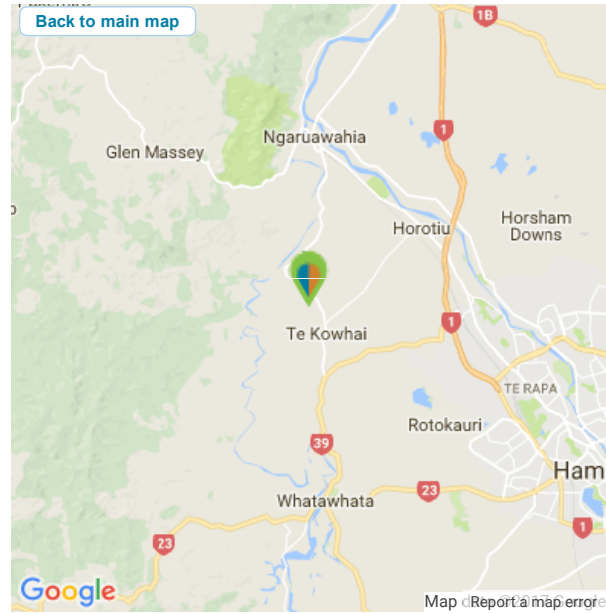

4

The vision is to create approximately 8 km public walkway adjacent to the Te Otamanui Lagoon and Te Otamanui Stream in three separate stages.

From Te Kowhai village to the Waipa River. It runs parallel to, and between Bedford Road and the southern end of Ngaruawahia Road and the northern end of Horotiu Road. Westvale Lane and Coombes Roads intersect the path.

An all-weather pathway following a stream and lake with associated kowhai plantings.

Funding principally from Waikato District Council and Te Kowhai community.
